

## A B S T R A C T

## A DECOY DEVICE AGAINST WAKE-TRACKING TORPEDOES

5           A decoy device for wake-following torpedoes, the  
device comprising a body of effervescent material that  
reacts with sea water to generate a cloud of bubbles  
simulating a phoney wake, the device being characterized  
in that it has a covering of material that is soluble in  
10   sea water which delays the reaction of the effervescent  
material with sea water.
